Your single source of truth for conventional lending research and reference

Ensuring that your company has adopted the best solution with accurate guidelines and forms to reference and manage your agency business is an absolute requirement, be that with Fannie Mae, Freddie Mac or the Federal Home Loan Banc MPS program. So wouldn’t it be wonderful if someone gave you a comprehensive resource and then monitored industry changes, notifying you with that timely and crucial heads-up? The AllRegs® Single Family Conventional Lending Package is just that…and more.

The solution

The Single Family Lending Package is a comprehensive online database consisting of thousands of conventional single family lending guidelines and forms. Accurately maintained and accessible through a variety of easy-to-use features, you’re assured of fast, reliable answers and access to the right forms when you need them.

- Easily locate information with a search feature enhanced by years of experience and user feedback. Our proprietary Alphabetic Index and detailed Topic Outline allow you to quickly identify the pertinent sections with all of the relevant text highlighted for you.

- Changes are accessed easily with highlighted, date-stamped text revisions. You can even consult a history of updates dating back two years, and insert personal annotations that remain private or public notes that everyone in your firm can see.

Standard package features

- Thousands of pages of conventional single family lending guidelines and forms
- Proprietary tools to access information quickly
- Embedded links to the most current information and hard-to-find documents
- A single, reliable source for everything you need to know, but shouldn’t have to remember
